## Details

### Description

Kärcher's CV 38/2 upright vacuum cleaner is a lightweight, twin-engined machine with 380 mm working width which combines high suction power with a direct motor driven brush. Stubborn dirt particles, threads and hairs are dislodged from the carpet with ease whilst freshening up the carpet pile at the same time. Equipped with a wide, low profile brush head, the 38/2 cleans right up to edges and can operate completely flat for cleaning under furniture and beds.
